

How Music and Media Influence Youth

with
Dr. Jim Burns

**iPod, myspace.com, PS3 and Wii.
Text Messaging, TiVo and YouTube.**

Technology and media are an ever-present and potent force in our kids' lives.

But it's far more complicated than labeling anything secular "bad", and everything Christian "good".

Join **Dr. Jim Burns** and learn how to help kids navigate today's media-saturated world.

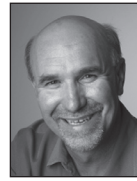

Get a better handle on the ways you allow technology and entertainment to influence your kids' lives -- both positively and negatively.
